SPELLING LIST FOR INTERSCHOLASTIC LEAGUE SPELLING CONTEST : 1965-1966 SCHOOL YEAR

BUREAU OF PUBLIC SCHOOL SERVICE

DIVISION OF EXTENSION : THE UNIVERSITY OF TEXAS

PUBLISHED BY THE UNIVERSITY TWICE A MONTH. SECOND-CLASS

POSTAGE PAID AT AUSTIN, TEXAS

Foreword

THIS BULLETIN contains four lists, each of which is designated as a source of words for the League spelling and plain writing contests in the respective divisions. The words are carefully selected and are supplementary to the State Adopted Texts, grades five to eight, inclusive. Few of the words appearing in the lists will be found in any one of the adopted spelling texts or in the League Lists of 1964-1965.

Corrections of misprints or other errors in the word lists appear in the Official Notices column of the *Leaguer*. Teachers who report errors to the State Office do the League a real service. Suggested new words to add to the list in the future are always gratefully received.

The present adopted texts contain excellent suggestions for teaching spelling, and these plans and devices may be used in teaching pupils to spell the words in these Lists.

This is not only a spelling, but a "plain writing" contest. More papers are rejected by the State Grading Committee for illegible writing than because of incorrect spelling. Many Grading Committees do not seem to realize the importance which is attached by the State Committee to "plain writing." A special circular entitled "Writing Errors and Plain Writing Guide" which contains many illustrations of malformed or illegible letters as well as properly formed letters, is sent for 5 cents (postage) on request of any teacher using this List.

The current spelling list has been prepared by Miss Nell R. Tucker, a teacher at Hartman Junior High in the Houston Public School System. Miss Tucker has been outstanding in teaching both spelling and reading. She has conducted spelling and reading clinics not only in Houston but in other cities of Texas. Also, her contestants have been very successful in competing in the National Spelling Bee Contest. The League is indebted to Miss Tucker for her time and work in preparing the current spelling list.

The Third edition of Webster's New International Unabridged Dictionary is the authority for all spellings and usage notes included in this Bulletin and is the final authority for League spelling contests.

Director

Prices

This bulletin is sold at 10 cents per copy; 75 cents per dozen; \$5.00 per hundred. *No League bulletins are sent C.O.D.* Stamps are not accepted in payment for the lists. For additional copies of this bulletin address

Prefatory Notes

The University of Texas Interscholastic League Spelling Bulletin for 1965-66 has been prepared to conform with ideas Roy Bedichek expressed in his original list prepared in 1922. He expressed the belief that the list should be largely based on words the school children of Texas would need to know. He recommended that the lists be used in spelling lessons for classroom use.

In keeping with this philosophy teachers are urged to take advantage of the fact that Lists are available for distribution shortly after school opens in the fall. Many students would be interested in studying the List early in order to gain a more thorough understanding of the words than would be otherwise possible.

This List was carefully screened in order that it would be consistent with Webster's Third Edition, both in problems of usage and in spellings. While other dictionaries probably will not always agree with this List, teachers will find them useful in checking definitions and pronunciations.

This year the following identifying procedures were followed:

Explanatory notes are written in italics and are not contest words.

Pupils are required to spell only the words in standard type.

Acceptable spellings are written in standard type. The word *or* indicates equal variant; *also* indicates a secondary but acceptable variant.

Asterisk (*) suggests the pronouncer should consult the dictionary for pronunciation.

Different, but closely related, words are listed when necessary.

Some words, such as *fuse* and *mold*, are listed with limited meanings when spellings have varied with definitions. ISV has been placed after words taken from International Science Vocabulary according to Webster's Third Edition.

SUGGESTIONS TO CONTEST OFFICIALS

Consult Constitution and Contest Rules for instructions in conducting contests. These rules have not been changed. The following suggestions are made in order to increase the efficiency of conducting contests:

1. Be sure the pronouncers study the lists before attempting to officiate. Too many papers are sent to the Grading Committee containing errors in pronunciation the officials made.
2. Be sure the contestants understand the words the officials intend for them to spell. Within reason they may be provided with additional pronunciations, definitions, use of words in a sentence, or other identifying information.
3. Times stipulated in the rules are minimums. In no case are they to be adhered to at the expense of the contestants who may need additional explanation of a word.

Learn with the students and make it fun. Sometimes there will be only one champion but seldom will there be any real losers.
